Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/ policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2015 Continuum of Care (CoC) Program Competition. For more information see FY 2015 CoC Program Competition NOFA.

To ensure that applications are considered for funding, applicants should read all sections of the FY 2015 CoC Program NOFA and the FY 2015 General Section NOFA.

- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.

Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.

- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2014 Project Application will be imported into the FY 2015 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2014 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.

- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size

as approved in the final HUD-approved Grant Inventory Worksheet (GIW).

- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing. supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.

- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2015 CoC Program Competition NOFA.

Renewal Project Application FY2015	Page 20	11/16/2015

1. Provide a description that addresses the entire scope of the proposed project.

Covenant House Missouri's Transitional Living Program provides long-term housing and support services to runaway and homeless youth, ages 16-21. The program offers 32 beds in apartment units (27 units will be funded through this request), 16 beds for males and 16 beds for females, where youth can stay for up to 24 months. Youth are provided with a comprehensive array of services designed not just to meet their immediate need for stable housing, but to better position them to address longer-term impediments to both economic and personal stability.

In addition to residential services, support services are offered on a daily basis (7 days a week) and include: HiSET preparation, literacy education and tutoring, job training and placement services, expansive internship opportunities, individual, group and family counseling, substance abuse prevention services, life skills training, and recreational and social service activities. All services are available on-site at Covenant House Missouri's Center For Youth and at the gym located across the street. This wraparound model of care has been demonstrated as an effective approach to successfully address the myriad of issues that confront runaway and homeless youth.

Clients who enter this program come from the Crisis Program. In fiscal year 2015, 55 unduplicated youth were served through the Transitional Living Program and 93% were discharged into safe and appropriate housing including college, independent living, the military or were reunited with their families. Additionally, 91% of youth discharged from the program with a savings account. In FY 15, the average length of stay in our TLP Program was 183 days. While many of our youth stay for the full 2 years, some youth demonstrate that they are ready to discharge earlier based upon their ability to establish a savings account and maintain steady employment.

Covenant House Missouri (ČHMÖ) is committed to adhering to a Housing First model of care through our Open Intake policy. Our priority is to provide immediate access to safe and appropriate housing, and then begin to offer support services to meet each youth's needs. Furthermore, CHMO works in coordination with local organizations to leverage funding in order to provide comprehensive support services that are in line with Best Practices in the field. Our agency also incorporates models of care that are responsive to LGBTQ populations.

CHMO operates in accordance with the McKinney Vento Act. Youth are strongly encouraged to remain in school or attend HiSET classes offered on site at CHMO. If the youth chooses to remain in school, the Case Manager or Education Instructor will contact the Homeless Coordinator at the school of their choice to ensure the safe return of the youth to school, to arrange transportation and to assist them to stay current with the curricula of their home school.

Only projects that do not serve families with children or unaccompanied youth should select "N/A." If "No" is selected, the project applicant will be required to answer an additional question.

Describe the manner in which the project applicant will take into account the educational needs of children when children and/or families are placed in housing: This is a required field if a response of "No" is given for either one of the two preceding questions. Use this space to explain how the project will plan to meet the educational needs of children and youth participants according to the requirements specified under section 426.B.4 of the McKinney-Vento Act as amended by HEARTH.

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- Provider: select one of the following: "Applicant" to indicate that the applicant will provide the service directly; "Subrecipient" to indicate that a subrecipient will provide the service directly; "Partner" to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, "Non-Partner" to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.
- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as "—select—" when services are not applicable.

Please identify whether the project includes the following activities:

- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select "Yes" or "No" from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select "Yes" or "No" from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select "Yes" or "No" from the dropdown menu.

 - Do project participants have access to SSI/SSDI technical assistance provided by the
- applicant, a subrecipient, or partner agency? Select "Yes or "No" from the dropdown menu. If "Yes" is selected the following question will become visible:
- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select "Yes" or "No" from the dropdown menu.

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project's grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as "CH Beds" on a CoC's Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter "0."

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field. Enter the total number of beds that are not dedicated to the chronically homeless. If none of the beds are not dedicated for the chronically homeless, enter "0."

How many of the total beds entered in "2b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2015 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter "0."

How many of the beds listed in question "2c." above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

5C. Outreach for Participants

Instructions:

Applicant: City of St. Louis

ALL PROJECTS EXCEPT HMIS

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:

- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
 - Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the "Save" button is clicked. A warning message will appear if the total is greater than 100%.

If the total is less than 100 percent, identify how the persons meet HUD's definition of homeless and the project type eligibility requirements.

AND/OR

If "Persons at imminent risk..." is greater than 0 percent, identify the project as either an SSO or TH project and verify that persons served will be within 14 days of losing their housing and becoming literally homeless: This field is required if the total percentage calculated above is less than 100 percent or if a number greater than 0 was entered in the "Persons at imminent risk of losing their nighttime residence" field. If both apply, the project applicant must provide a response to both questions in this field.

If the total percentage calculated above is less than 100 percent, explain where the unaccounted for participants will come from. All participants served in CoC Program funded projects must meet eligibility criteria set forth in the CoC Program interim rule and the FY 2015 CoC Program NOFA.

If the field for "Persons at imminent risk of losing their nighttime residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing" contains a percentage greater than 0, the project applicant must indicate how these persons meet the eligibility criteria for the project component being requested (may only be TH or SSO).

Instructions:

ALL PROJECTS EXCEPT HMIS

Housing Measures: This is a required field. Persons remaining in permanent housing as of the end of the operating year or exiting to permanent housing (subsidized or unsubsidized) during the operating year: If permanent housing, count each participant who is still living in your units supported by your facility in addition to clients who have exited your units and moved into another permanent housing situation. If transitional housing or a safe haven, only count persons who have exited your units/project and moved into a permanent housing situation.

Income Measure: This is a required field where at least one option must be chosen by the project applicant.

- a. Persons age 18 and older who maintained or increased their total income (from all sources) as of the end of the operating year or program exit: Not applicable for youth below the age of 18. Total income can include all sources, public and private.
- b. Persons age 18 through 61 who maintained or increased their earned income as of the end of the operating year or program exit: Not applicable for youth below the age of 18. Earned income should only include income from wages and private investments, and not public benefits.

Renewal Project Application FY2015	Page 41	11/16/2015
------------------------------------	---------	------------

3. Specific data elements and formula proposed for calculating results

The pre test is conducted upon enrollment in the program and will serve as a baseline for comparison. A post test will be conducted as youth complete the program and will measure improvements in the appropriate areas: ability to avoid substance abuse; increased social skills and ability to interact with others; healthy messages; and work readiness.

4. Rationale for why the proposed measure is an appropriate indicator of performance for this program

Life skills are essential assets needed to live independently within a community. Classes are held on a daily (7 days a week) basis and topics consist of: learning how to handle conflict, budgeting and banking, grocery shopping, developing health relationships, searching for employment and creating resumes. In addition to this training program, the development of life skills is an ongoing effort, as staff work one-on-one with youth during their stay, serving as positive role models and teaching them healthy messages about life and social behavior.

2. Data Source (e.g., data recorded in HMIS) and method of data collection (e.g., data collected by the intake worker at entry and case manager at exit) proposed to measure results

Data is collected by the Case Manager on a daily and weekly basis and inputted into ETO, CHMO's outcome management system. This data collection ensures that youth are working toward establishing savings so that they may move to independent living environments

3. Specific data elements and formula proposed for calculating results

Renewal Project Application FY2015	Page 43	11/16/2015
------------------------------------	---------	------------

Individualized Treatment Plans and bank statements are utilized to calculate results. Upon enrollment in CHMO programs, Case Managers work with youth to develop an ITP, which establishes concrete goals and a plan to secure safe and permanent housing, as well as financial stability. On a regular basis, treatment plan review meetings are held with youth and staff to track and record their progress toward the intended outcomes. The information documented through these meetings allows us to measure the youth's progress related to housing, employment, education and other goals as outlined in their plan.

4. Rationale for why the proposed measure is an appropriate indicator of performance for this program

The majority of youth who present to us have no savings and have little to no experience with budgeting and banking. It is important to have an established savings account prior to discharge so that if there is an emergency financial crisis, the youth will have a financial cushion to assist with the crisis. In addition, youth will have funds to assist with their transition into independent living for necessities such as first and last month's rent, utility deposits, furniture needs, and other household needs.

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant: This is a required field. Select "Yes" or "No" to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project: This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

7I. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field "8. Admin (Up to 10%)."

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC's HUD-approved FY 2015 GIW. HUD will not fund greater than 10% of the request listed in the field "Sub-Total Eligible Costs Request." If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is this is the total amount of funding the project applicant will request in the FY 2015 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen "7H. Sources of Match/Leverage" to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen "7H. Sources of Match/Leverage" to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field "Total Eligible Costs Request" minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen "7H. Sources of Match/Leverage" to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.
